

Remata Chaitanya Reddy

Hyderabad, India — chaitanyareddyremata@gmail.com — +91 6281548502
Portfolio — LinkedIn — GitHub

Summary

Proactive Full Stack Web Developer experienced in designing, developing, and deploying scalable web applications using the MERN stack and MySQL. Strong in clean coding practices, backend architecture, and building production-ready applications with authentication, APIs, and cloud deployment.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Netlify, Vercel, Render, Postman, VS Code

Other: REST APIs, JWT Authentication, WebSockets

Internships

Full Stack Developer — Gyan Astra IT Solutions

Oct 2025 – Feb 2026

- Developed scalable MERN stack applications using MongoDB, Express.js, React.js, and Node.js following MVC architecture.
- Designed RESTful APIs with JWT authentication and role-based access control.
- Improved backend performance by optimizing MongoDB queries and modularizing backend services.

Full Stack Web Developer — Cognifyz Technologies

Sep 2025 – Oct 2025

- Built responsive full-stack modules using React.js, Node.js, Express.js, and MongoDB.
- Integrated REST APIs enabling seamless frontend-backend communication.
- Implemented reusable components and optimized database queries to improve performance.

Education

Malla Reddy Engineering College, Hyderabad

B.Tech in Computer Science and Engineering

2023 – 2027

CGPA: 9.3 / 10

Projects

ExamNotes AI — AI Powered Exam Notes Generator

Feb 2026 – Present

Tech Stack: MERN Stack, OpenAI API, Firebase Authentication, Stripe Payments

- Built an AI-powered application that generates structured exam revision notes from prompts using AI APIs.
- Implemented Google authentication via Firebase and secure backend sessions using JWT.
- Designed a credit-based usage system integrated with Stripe payments.
- Developed responsive React interface with live preview and PDF note export.
- Deployed full-stack application using Vercel (frontend) and Render (backend).

Online LMS Platform

Sep 2025 – Nov 2025

Tech Stack: MERN Stack, REST APIs, JWT Authentication

- Developed a full-stack Learning Management System with authentication and role-based access control.
- Implemented discussion forums, collaboration tools, and admin dashboard for course and user management.

Certificates

- Full Stack Web Development — Apna College
- Full Stack Web Development — freeCodeCamp

Soft Skills

Problem Solving — Effective Communication — Team Collaboration
